# FOR A GREENER TOMORROW

## Going the extra mile

Being environmentally responsible with resources is part of Toshiba's tradition. Therefore, to contribute to a more sustainable society, Toshiba allocates the highest priority to conserving and protecting resources in every stage of a product's life-cycle.

We take measures to conserve energy and resources and reduce the burden on the environment. At the same time we understand the needs of our customers. Therefore, we make sure that our products and solutions not only have an ecological benefit, but also positively impact the economy and efficiency of businesses.

So whether you are looking at our hardware products or our software and services, with Toshiba, you have a trusted partner at your side to help you achieve your company's environmental goals.

# CHANGING THE WAY WE PRINT

Toshiba has developed a system which will change the way you print. Instead of throwing away prints which are not needed anymore, you can now erase and reuse the paper. The Paper Reusing Device e-STUDIO RD301 is capable of erasing the text and images on documents printed on the e-STUDIO307LP allowing you to reuse the paper. This significantly reduces the paper consumption. As a result, you save valuable resources and contribute to a greener tomorrow.

## KEY SPECIFICATIONS

### e-STUDIO307LP

<b>Functions</b>	Print, Scan, Copy, Erase Optional: Fax
<b>Print &amp; Copy Speed</b>	30 ppm
<b>Maximum Paper Capacity</b>	2,300 sheets
<b>Document Feeder</b>	Reversing Automatic <sup>1)</sup>
<b>Paper Size &amp; Weight</b>	A5R-A3, 64-80 g/m <sup>2</sup>
<b>Memory</b>	Toshiba Secure HDD 320 GB / 2 GB RAM
<b>Control Panel</b>	22.9 cm (9") colour touch panel
<b>Warm-up time</b> (from power save mode)	~ 65 seconds
<b>Finishing Options</b>	—
<b>Features</b>	Wireless printing <sup>1)</sup> , Paper erasing and sorting <sup>1)</sup> , Single-pass Duplex Scan via e-STUDIO RD301

<sup>1)</sup> Optional

# A3 COLOUR SYSTEMS

## Easy colour document management

Our A3 colour systems deliver outstanding image quality without compromising on ease-of-use. Equipped with a large, tablet-like user interface, you have direct access to all functions.

Designed for modern office workflows, our MFPs seamlessly integrate into existing networks and offer state-of-the-art security features. With print speeds ranging from 20 pages per minute (ppm) all the way up to 75 ppm in colour, you can choose the system, which can best meet your needs.

## e-STUDIO5506AC/6506AC/7506AC

Our high-end colour models are made to meet the most demanding requirements in modern offices. High-speed combined with high-volume document output make them the perfect match for the most complex and sophisticated document management needs.

The Dual Scan Document Feeder with its single-pass duplex scanner is a standard feature and will enhance your productivity. With capacity of 300 sheets and up to 240 images per minute you can get more done, even faster.

## e-STUDIO2505AC/3005AC/3505AC/4505AC/5005AC

These intelligent colour systems leave nothing to desire. Full flexibility is available thanks to a large range of options.

There are five different models that you can choose in the A3 mid-range, each model is differentiated by the print speed. Whichever system you choose, Toshiba has the perfect system to suit your business.

## e-STUDIO2000AC

Equipped with the same e-BRIDGE controller technology as the high-end colour systems, the e-STUDIO2000AC is ideal for smaller companies and workgroups, who do not want to compromise on quality.

With a flexible paper capacity and a range of finishing options, they cover all basic needs and are reliable partners for day-to-day business.

## CONNECT. INTEGRATE. SIMPLIFY.

Technology for every workplace delivering advanced functionality, ease of use and peace of mind.

Understanding that every industry has unique workflows and needs, Toshiba has developed customisable MFPs to make your job easier. Intuitive and smartly integrated, our products simplify complex tasks and give you control while providing the reliability that Toshiba is known for.

Toshiba's latest series delivers on our promise of Together Information - our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet your print, document management and content needs while helping you to meet your green objectives.

# A3 MONOCHROME SYSTEMS

## Highly productive document handling

Whether you are looking for high-volume, high-speed or a compact system for your day-to-day business, Toshiba's A3 monochrome range, with print speeds between 25 ppm and 85 ppm, has a system to perfectly match your needs.

Based on trusted Toshiba technology all systems were built to provide reliable document output — from the very first page, right to the last.

## e-STUDIO5508A/7508A/8508A

A series of three monochrome systems, which can keep up with high-volume print jobs.

With speeds of up to 240 images per minute the standard Dual Scan Document Feeder adds to the already impressive efficiency of these models. Designed for modern document workflows, these systems support cloud and mobile printing and feature a large, fully customisable tablet-like user interface.

## e-STUDIO2508A/3508A/4508A

Fast and efficient multifunctionality you can rely on. Thanks to the latest technology inside you can enjoy the ease-of-use and flexibility you need in today's fast changing world.

The fully customisable user interface lets you start complex workflows with a simple touch of a button, increasing your efficiency and saving you time.

## e-STUDIO2309A

Whatever you need, Toshiba's monochrome printing systems are there to support you. The e-STUDIO2309A delivers outstanding performance. Brilliant prints, crystal-clear colour scans and quick copies are packed in a stylish design. Add the optional fax and these systems can meet all demands of a modern office environment.

## e-STUDIO2802AF

A reliable and economical multifunction system, which will cover all your day-to-day needs. With an output speed of 28 pages per minute the e-STUDIO2802AF can easily keep up with the needs of today's businesses. The outstanding image quality will give your documents a professional look and leave a lasting impression with your business partners.

# A4 COLOUR SYSTEMS

## **e-STUDIO347CSL**

The e-STUDIO347CSL is a highly sophisticated A4 colour system, which covers all the needs of a modern business.

The excellent image quality gives your documents an impressive look & feel and reflects the professionalism of your business.

Incorporating Toshiba's advanced controller technology it seamlessly integrates into existing networks and can be administered with the same software tools as Toshiba's A3 system.

State-of-the-art document security is ensured thanks to the Toshiba Secure HDD, which protects your data from unauthorised access.

## **e-STUDIO305CS**

Full colour with a small footprint. Whether you need to print, scan, copy or fax - this system can do it all. It is ideal for small- to medium-sized businesses and workgroups which need a reliable device and have high quality standards.

## **e-STUDIO305CP**

A reliable A4 colour printer to cover your basic everyday printing needs. It delivers exactly what you need: colour prints with outstanding quality to make a lasting impression.

## Why compromise?

Just because you don't have space for an A3 system, does not mean you cannot have top-notch colour document output. Our compact A4 colour systems were designed for businesses and workgroups who have high expectations but limited office space.

Excellent image quality can be taken for granted for all devices. All you have to do is pick the model which perfectly matches your individual document volume and workflow requirements.

# A4 MONOCHROME SYSTEMS

## Compact. Reliable. Efficient.

For your everyday business you need a system you can rely on, even if things start to get hectic and you are under time pressure. Our compact A4 models ensure you can excel and drive your business.

### e-STUDIO2802AF

The innovative e-STUDIO2802AF have more to offer than you think. These A4 systems are capable of also handling A3 when printing, scanning and copying. So even if your main need is for A4 document output, you do not have to miss out on A3.

### e-STUDIO477SL/527s

Two compact multifunctional systems which incorporate state-of-the-art technology for excellent image quality. They ensure the seamless integration into existing networks and utmost flexibility when it comes to adding software for more efficiency. At the same time the systems are intuitive to use and easy to administer. And last but not least: Thanks to the Toshiba Secure HDD you can be sure that your business data can not be accessed by unauthorised users.

### e-STUDIO385s

A true all-in-one system designed for modern document workflows. Capable of delivering your documents fast and with outstanding image quality, this system enhances your daily work efficiency.

### e-STUDIO385P e-STUDIO525P

Sometimes, all you need is a reliable monochrome A4 printer, which produces high-quality documents. Depending on your print volume and the speed you need, you can choose any one of these printers and enjoy effortless printing. SANYO PLCXM150L

## O podjetju Tift

Tift je specializirano podjetje za industrijske in poslovne tiskalniške rešitve.

Preko celovite ponudbe izdelkov vodilnih svetovnih proizvajalcev in kakovostnih inženirskih in vzdrževalnih storitev kupcem zagotavljamo tiskalniške rešitve, ki so povsem prilagojene poslovnim procesom.

Na tak način v podjetju Tift strankam omogočamo visoko produktivnost na vseh ravneh poslovanja ob optimalni kakovosti izpisov, nizkih stroških ter najmanjših možnih okoljskih obremenitvah.

Sistem e-CONCEPT daje odgovore na najpogostejše izzive, s katerimi se srečujejo danes organizacije na področju tiskanja in kopiranja: stroški, pomanjkanje informacij, nadzor in premik v smeri fokusiranja na osnovni posel.

S pomočjo sistema e-CONCEPT optimizirajte, upravljajte in nadzorujte dokumente vašega podjetja preko nižjih stroškov poslovanja, večje učinkovitosti in zniževanje energetske porabe.
